ULTRASOUND - PATIENT PREPARATION

1. OBSTETRICAL / PELVIC / BLADDER EXAMINATIONS

- A full bladder is required for this examination.
- Finish drinking 1 litre of non-carbonated, clear fluid (water, black tea/coffee, juice no dairy) 1 hour before your appointment.
- **Do not empty your bladder** until the examination is finished.
- Failure to **completely** <u>finish</u> **drinking** the required amount of fluid **a full hour prior** to your appointment time can reduce the accuracy and image quality of your examination.

2. UPPER ABDOMEN ULTRASOUND / HCC SURVEILLANCE / PORTAL HTN / LIVER ELASTOGRAPHY

- DO NOT eat or drink for 8 hours prior to your appointment. Medications may be taken with a sip of water.
- NO CARBONATED BEVERAGES OR GUM 8 hours prior to the examination.

3. ABDOMINAL + PELVIC/BLADDER

- Do not eat or drink 8 hours prior to your appointment but <u>finish</u> drinking 1 litre of non-carbonated, clear fluid (water, black tea, coffee, juice no dairy) 1 hour before your appointment time.
- Do not empty your bladder until the examination is finished.
- Failure to **completely finish drinking** the required amount of fluid **a full hour prior** to your appointment time can reduce the accuracy and image quality of your examination.

4. AORTA ONLY

■ DO NOT eat or drink for 4 hours prior to your appointment.

5. KIDNEYS ONLY

No preparation required.

6. CHILDREN

Please call our bookings office for preparation advice.

7. VASCULAR

Please call our bookings office for preparation advice.

NUCLEAR MEDICINE - PATIENT PREPARATION

8. RENAL GFR

• FINISH drinking 1 litre of fluids one hour before your appointment time. You may empty your bladder.

9. HEPATOBILIARY (HIDA)

- DO NOT eat for 4 hours prior to your appointment (but not longer than 24 hours).
- **NO** opioid medications or opioid drugs for 4 hrs prior to your appointment.

10. GASTRIC EMPTYING

- **DO NOT** eat or drink after midnight.
- Recommended to discontinue medications altering gastric motility for 2 days (at referring MD's discretion only; take medications as normal for therapy evaluation).
- **BRING** an egg salad sandwich, prepared specifically as follows: (call for alternate meal).
 - * Peel & chop 2 hard-boiled eggs. Mix with approximately 2 tablespoons of mayonnaise/Miracle Whip. Add salt and pepper to taste. Bring in a sealed container. Bring two slices of white bread (may be toasted) in a sealed container.

11. MECKEL'S SCAN

- Attention Referring Physician: Pretreatment with 150 mg oral ranitidine daily is recommended the day before and the
 morning of the procedure. Please discuss this with your patient and <u>prescribe if appropriate</u>.
- The patient should not have an active GI bleed at the time of the test.

12. SALIVARY/MUGA/BONE SCAN

No preparation required.

You **MUST arrive 10 minutes** prior to your appointment to complete registration. If you are late, <u>another</u> appointment may have to be arranged.
